TERMS OF USE

Permissions

Statistics Estonia publishes data for use and consultation by the public. Anyone can extract, download, copy, adapt, print, distribute, share and embed data for any purpose in their own documents, presentations, blogs, websites and teaching materials, even for commercial use.

All statistical output of Statistics Estonia is a copyright object under the Copyright Act. Any public use of the data and material requires **indicating the source**. Use of Statistics Estonia's website constitutes acceptance of the Terms of Use. When using the service, the name, surname and personal identification code of the user are stored in the statistical database. If you have further questions, please contact Statistics Estonia's customer service.

Data and material (disclaimer)

Access to the data, website and any other material is provided by Statistics Estonia.

The data as well as any other material provided by Statistics Estonia on its website or on another medium is provided on an "as is" and "as available" basis. We make every effort to ensure, but do not guarantee the accuracy or completeness of the data and material.

Statistics Estonia may add, change, improve or update the data and material without notice. We reserve the right to alter or limit the use of our website in part or in whole or discontinue any information.

Statistics Estonia will not be liable for any consequences, whether direct or indirect, arising from any use of the website or data.

Statistics Estonia does not guarantee uninterrupted availability of the content of the website or any other material.

Statistics Estonia does not guarantee that the data and material published on its website or any component are suitable for the specific purpose of the user.

The use of Statistics Estonia's data, website or any component is at the user's risk, unless otherwise explicitly stated in special terms of use.

Recommendations for use

The platforms and tools used for Statistics Estonia's website have been chosen carefully. However, the internet is never completely secure, and each user is responsible for ensuring the security of their computer system.

When using Statistics Estonia's website, we recommend that you evaluate whether the data and material on the website are suitably accurate, current, complete and relevant for your purposes.

Contact Statistics Estonia's customer service for advice relevant to your situation if you are using the material for important decisions.

It would be appreciated if you could notify us of any inaccuracies or errors which you may find on Statistics Estonia's website or any component, by contacting our customer service.
